Child Safety Policy

St Mary's School Mansfield holds the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. This commitment is drawn from the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the Gospel. ([CECV Commitment Statement to Child Safety](#)).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: that is why the promotion of the human person is the goal of the Catholic school (Congregation for Catholic Education 1997, n. 9).

Rationale:

St Mary's School has the important responsibility for keeping children safe. At St Mary's we already take steps to protect children from abuse. Standard three (clause 9 of the Ministerial Order 870) requires that the school governing authority develop, endorse and make publicly available a code for all school staff.

The standard has four specific requirements. They are that the code of conduct:

1. Has the objective of promoting child safety in the school environment.
2. Sets standards about the ways in which school staff are expected to behave with children.
3. Takes into account the interests of school staff (including other professional or occupational codes of conduct that regulate particular school staff such as registered teachers), and the needs of all children.
4. Is consistent with the school's safety strategies, policies and procedures as revised from time to time.

Please note that the Ministerial Order defines some terms broadly. Some examples and list of definitions can be found at www.vrqa.vic.gov.au/childsafe.

Purpose:

The purpose of this policy is to demonstrate the strong commitment of **St Mary's School** to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the State of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

This policy applies to all school staff, volunteers, contractors, clergy and board/school members.

Principles:

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard and they are safe and feel safe ([CECV Commitment Statement to Child Safety](#)).

The following principles underpin our commitment to child safety at St. Mary's School:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/caregivers.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers, and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety, knowing school leadership will take these seriously.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, legally or pastorally.

Definitions used in this policy:

Child: A child or a young person enrolled as a student at the school.

Child abuse includes:

- (a) Any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the **Crimes Act 1958** (grooming)
- (b) The infliction, on a child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) Serious neglect of a child. ([Ministerial Order No. 870](#))

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse. ([Ministerial Order No. 870](#))

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk. (PROTECT: Identifying and responding to all forms of abuse in Victorian schools) (Wellbeing Hub)

Child physical abuse: Generally, consists of any non-accidental infliction of physical violence on a child by any person. (PROTECT: Identifying and responding to all forms of abuse in Victorian schools). Physically abusive behaviours include shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also considered physically abusive behaviour (Wellbeing Hub)

Child protection: Statutory services designed to protect children who are at risk of serious harm. (Safe Schools Hub)

Child sexual abuse: Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person five or more years older than the victim) is child sexual abuse. Child sexual abuse is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force. (PROTECT: Identifying and responding to all forms of abuse in Victorian schools). (Wellbeing Hub)

Child sexual abuse can also be:

- any sexual behaviour between a child and an adult in a position of power or authority over them (e.g. a teacher); the age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated
- any sexual behaviour between a child and an adult family member, regardless of issues of consent, equality or coercion
- sexual activity between peers that is non-consensual or involves the use of power or coercion
- Non-consensual sexual activity between minors (e.g. a 14-year-old and an 11-year-old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim.

Sexual activity between adolescents at a similar developmental level is not considered abuse. **Emotional child abuse** occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence. (PROTECT: Identifying and responding to all forms of abuse in Victorian schools). (Wellbeing Hub)

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer. (PROTECT: Identifying and responding to all forms of abuse in Victorian schools) (Wellbeing Hub)

Mandatory Reporting: The legal requirement under the *Children, Youth and Families Act 2005 (Vic.)* to protect children from harm relating to physical and sexual abuse. The principal, teachers, medical practitioners and nurses at a school are mandatory reporters under this Act. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)) (Wellbeing Hub)

Reasonable Belief: When staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a 'reasonable belief'. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)) (Wellbeing Hub)

School environment means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- (a) a campus of the school
- (b) online school environments (including email and intranet systems)
- (c) other locations provided by the school for a child's use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events).([Ministerial Order No. 870](#))

School staff means an individual working in a school environment who is:

- (a) directly engaged or employed by a school governing authority
- (b) a volunteer or a contracted service provider (whether or not a body corporate or any other person is an intermediary)
- (c) a minister of religion. ([Ministerial Order No. 870](#))

Bullying - Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying. (refer Bullying, No Way)

All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection and to comply with all requirements.

These documents recognise the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects school staff through clarification of acceptable and unacceptable behaviour.

At **St Mary's School**, the Code of Conduct has a specific focus on safeguarding children and young people at against sexual, physical, psychological and emotional abuse or neglect. It is intended to complement other professional and/or occupational codes.

All staff, volunteers, contractors, clergy and board/school council members at St Mary's School are expected to actively contribute to a school culture that respects the dignity of its members and affirms the Gospel values of love, care for others, compassion and justice. They are required to observe child-safe principles and expectations for appropriate behaviour towards and in the company of children.

We have developed a Safeguarding Children and Young People Code of Conduct, which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and or neglect. Our Code also protects school staff through clarification of acceptable and unacceptable behaviour.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

Reporting and Responding:

Our school records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the *Betrayal of Trust* report. Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's Child Protection – Reporting Obligations Policy updated on 11/10/2019, sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Safeguarding Children and Young People Code of Conduct and the Child Safety Policy.

Child Safety – Education and Training for School Staff:

St Mary's School provides employees, volunteers and clergy with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.
